CASA
Court Appointed Special Advocates
FOR CHILDREN
MICHIGAN CASA

It takes all of us to ensure every child has someone in their corner. Become an annual partner today and help create lasting change in the lives of Michigan's children.

2026 PARTNERSHIP OPPORTUNITIES

Partnership Opportunities

Each year, nearly 11,000 children enter the foster care system, removed from their homes and thrust into a frightening unknown. Too often, they face the confusion of courtrooms and foster care alone—because we need more CASA volunteers to step up and stand with them.

Court Appointed Special Advocate (CASA) volunteers are appointed by judges to champion the best interests of these vulnerable children. This advocacy provides stability and hope to youth who have endured abuse or neglect. It takes just one caring, consistent adult to transform a child's experience—**but it takes all of us to ensure each child has that person.** At Michigan CASA, we are committed to changing lives by establishing, supporting, and expanding quality CASA programs throughout the state.

We invite you to partner with Michigan CASA at our 2026 State Conference in Holland, Michigan—a premier training and networking opportunity for child welfare professionals, advocates, and community leaders from across the state. Your partnership helps strengthen the child welfare workforce through high-quality training, collaboration, and shared learning, while also supporting volunteer recruitment, advocate training, and program growth that expands our impact for children and families throughout Michigan.

Partnership opportunities are thoughtfully designed, but we're happy to work with you and create an exclusive, personalized package that reflects your organization's commitment to Michigan's children.
